

Welcome to Members

Welcome to Members

The Society today is not the Society of yesterday. Building on our heritage, the Society is moving with the times to further the modern needs of a modern profession. With an energetic and focused executive team behind us, we have a clear aim to be at the centre of the local profession's activity.

We are focused on delivering excellent and relevant membership benefits and a quality CPD training programme. We are building communications so that our members can have a voice on local and national issues. We go further in promoting the legal profession in Leeds, both locally and internationally through our subsidiary, Leeds Legal.

Arranging social events where we can meet other members or those relevant to the profession and our businesses is what the Society does well. We have events throughout the year, including the ever popular Annual Dinner in Spring. At the end of the day, we all have to unwind! Find out what Leeds Law Society can offer you.
